

HALLOWEEN TREASURE HUNT

I come in a variety of shapes, but I'm mainly round. I'm found all over the yard, but only grow in the ground. If you're not careful, someone may jump out of me and yell "Boo!" – I promise that won't happen, it's where you'll find your next clue!

Trick or treat, smell my "feet". No thanks, but you can clean them off here!

I'm smooth and I'm round and often found on the ground. I can be scary, I can be mean, I can be anything you've ever seen!

I am strong, I am proud, I can almost reach the clouds! Sometimes I serve as a house for bats, other times I am visited by cats.

Beware! I look like a coiled up snake. If you forget to turn me off, I might produce a lake! I can be super long, or not at all. You should put me away at the end of fall.

Zombies and other smelly creatures – stand back! I am just as stinky, you might think I am going to attack! I move once a week, but only as far as to the street.

Ghosts are so light and airy when they fly. But if you handed them a bag of these, they might cry. They wouldn't be able to take flight, and would be stuck on the ground all night! You can find these all around, but the place you should check is the ground.

Is this spooky, thrilling and fun? Don't give up yet, you're not done! This item is something you could use to rest your feet, not too long though, we may need it when we eat!

You're pretty good, you're on the witch's tail! This object is made with a lot of nails.

Has Halloween given you a good fright? I'm very useful in the night.

HALLOWEEN TREASURE HUNT DIRECTIONS:

Print out the clues and number them in your preferred order. Write the number in the orange box →

You can print the clues on cardstock or put them in little baggies to keep them intact.

Feel free to fill in the blank boxes with clues of your own! Enjoy! Have a safe and Happy Halloween!
